A UNIQUE STORY

Born without limbs for no medical reason, Nick Vujicic knew from an early age that he was different. But it wasn't until much later, after overcoming ignorance and discrimination, that he realized his mission: to use his "disability" to start conversations that change lives.

*No matter where he goes, he communicates one core message— **that no matter your circumstance, you can overcome!***

HEAR NICK'S EXPERTISE ON...

Having an Attitude of Gratitude (general motivation)

"People ask how I manage to be happy despite having no arms and no legs. The quick answer is that I have a choice. I can be angry about not having limbs, or I can be thankful that I have a purpose. I chose gratitude."

Overcoming Adversity (self-development & general motivation)

"Turn the negative into positive. The challenges in our lives are there to STRENGTHEN our convictions. They are NOT there to run us over."

Turning Obstacles into Opportunities (corporate/business)

"Whether I'm speaking or writing a book, I always try to push myself to the next level. No matter the obstacle, here's a healthy perspective to keep in mind: Just do better than you did yesterday!"

Persisting Through Failure (business & general motivation)

"Sometimes you may feel like you are just about to realize your goal only to fall short. That is no reason to quit. Defeat happens only to those who refuse to try again."
